

Fused Cross Colors

Notes:

- (1) The color images shown here are those supplied by the glass manufacturers: Spectrum Corp for most with the exception of the Petal Pink from Bullseye Corp.
- (2) The color names are the Manufacture's.
- (3) Most of the color images are close to "actual". However I can always supply a digital photo of an actual Fused Cross in the color of interest.
- (4) The Hanging Crosses and Pocket crosses use the same colors. The Autism Puzzle cross used 4 of these colors and the Birthstone Color crosses use combinations plus a few additional Cathedral Colors.
- (5) For pricing information see the Order Form on this site.
