

Overstocked Sale of Standard Bevel clusters and 30 mm Jewels

The following two pages list the bevel clusters and 30 mm jewels I have for sale as of 3/11/2013. All clusters are **new** and mounted on the usual cardboard backing and covered with protective plastic. They are ready for assembly in your own projects.

Each cluster lists:

- the standard designation, like **C1**
- the length and width,
- the number of bevel pieces,
- my selling price,
- and the number available as of 3/11/2013.

If you are interested in purchasing any please send me an email at glassdesignsbygm@aol.com indicating the item and number desired. For purchases of more than 2 items I offer a 10% discount. For a larger quantity purchase please email .

If shipped to a **North Carolina address** I add NC sales tax (7.5% as of 4/1/2013).

Shipping is extra. Given the zipcode and the number of items I give a firm shipping quote. The clusters can all be shipped in USPS Priority boxes with 4 to 6 per box . So for the purchase of multiple clusters shipping will not be very expensive.
